

This catalog is the result of many hours of looking up part numbers and matching parts and sometimes just plain mind-numbing cross-checking of part numbers and part diagrams. All involved have done their very best to be accurate, but there is always the possibility of an error. If you discover a cross reference or application listing that you think is an error, please do not hesitate to let us know.

When ordering please use our part numbers, since we can't actually get a CH12859 for you, but rather our aftermarket part that will serve as a quality replacement.

Prices subject to change without notice-Please call or email for current prices

Payment: We accept Visa and MasterCard or pre-payment by check.

Freight policy: Title and risk of loss transfers to the customer upon shipment from. Claims for items damages or lost in transit are the buyer's responsibility and should be filed with the carrier immediately.

Returned goods: All returns must be authorized by LMTC and must be in good condition. An RGA number will be issued for any cores or other parts to be returned. Used or installed parts will not be accepted. Parts and cores must be returned within 30 days of purchase with freight PREPAID. Returned goods are subject to 20% restocking charge. Returns, including cores, must be completely assembled. Cores must be in rebuildable condition. Electrical parts accepted for exchange only.

Email is our preferred order method, because we can work on orders after hours from email that we print out. It is the simplest way to avoid communication error. You can send it when you are available and we can read it when we are available. Late day (sometimes including evening) email orders will often be processed that evening. Price inquiries or other questions sent by email will normally be answered within 24 hours on business days.

Fax orders will be processed in a manner similar to email orders. If absolutely necessary to send a handwritten fax, please make sure it is legible and contains a contact name and phone number.

Phone orders are always welcome, but email never gets a busy signal. We may ask for a fax or email for confirmation of large telephone orders.

This parts catalog is offered by Little Miami Trading Company. We have been involved in the business of importing used tractors from Japan, repairing/processing them here in the U. S., and reselling them for 15+ years. This catalog has been developed in conjunction with these ventures, initially to source parts for the Yanmar tractors we sell. These parts come from varied suppliers who have proven their quality and consistency over time. If a part or supplier proves unacceptable, we find another. The majority of these parts have been tested over time and used on hundreds of Yanmar and JD tractors. We stand behind these parts. If you have a problem with one of our parts that you believe is due to quality, let us know; we want to take care of it.

NOTE: OEM part numbers are for reference and match-up only. This is a good-faith effort and the application by model number is subject to human error. We welcome input where you suspect we have a listing in error. The parts in this catalog are not OEM parts, and the part numbers we use for pricing and invoicing will reflect this.
